

ICCVAM Workshop Series on Best Practices for Regulatory Safety Testing:

Two one-day workshops on available alternative methods that evaluate hazard potential of chemicals and products, minimize animal use, and avoid animal pain and distress.

January 19, 2011: Assessing the Potential for Chemically Induced Eye Injuries

January 20, 2011: Assessing the Potential for Chemically Induced Allergic Contact Dermatitis

William H. Natcher Conference Center
National Institutes of Health — Bethesda, MD, USA

The workshop is open to the public with no registration fee.
For more information and to register, please contact NICEATM:
